

What we like to do

A comparison chart with three columns. The central column is titled 'Similarities'. The left column is titled 'Amy and Louis' and the right column is titled 'My friends and me'. The chart is designed for comparing activities that Amy and Louis like to do with activities that the student and their friends like to do.

Amy and Louis	Similarities	My friends and me

What happened and how they felt when one moved away

A Venn diagram consisting of three rounded rectangular sections. The left section is labeled "Amy and Louis", the right section is labeled "My friends and me", and the central overlapping section is labeled "Similarities".

How they/we communicated

A comparison chart with three columns. The central column is titled 'Similarities'. The left column is titled 'Amy and Louis'. The right column is titled 'My friends and me'. The chart is designed for comparing communication methods between Amy and Louis, and between those methods and the student's own communication with friends.

Amy and Louis	Similarities	My friends and me
