

Task for *Amy and Louis*

Using *Amy and Louis* as a model to plan a story

Plot	<i>Amy and Louis</i>	My story
Name characters	Amy and Louis	
3 things they did together	built towers dug holes saw magical creatures	
3 places they played together	They played in the yard (at school, at kindy, at childcare or in the playground/park) in the activity room at school/kindy/childcare) at their homes/ in their backyards	
What was their life usually like?	They were never far apart. They loved playing together.	
But one day		
Who moved/went away	Amy moved.	
Where do they go?	a long, long way away, to the other side of the world.	
What changed for each character?	Louis stopped doing all the things he used to do. He thought about Amy every day. Amy had nowhere to play outside and it was rainy instead of sunny with clouds. She thought about Louis every day.	
What was life like for them then?	They missed each other. They were both sad and lonely. They still wanted to be friends.	
So		
Who tried to call/send a message/ communicate with the other? How?	Louis called out 'Coo-ee, Am-ee!' as loud as he could.	
Did the other person receive the message?	Amy dreamt that Louis called her.
