Task for *Reg Saunders: an Indigenous War Hero*

Images from Reg’s POV

1. Reg and his good mate Mick Baxter are on leave in Alexandria. They stop to have a beer in a cafe, watch the belly dancers and take photos of the old part of town to send home.

2. Outside a restaurant, four British soldiers approach them and racially abuse Reg. An ugly issue that disappeared in combat reappears.

3. The Germans send out regular search parties to look for certain resistance fighters and for any Allied soldiers still hiding on the island.
