

# LIMBERLOST

## CASTING COUCH

Imagine a film adaptation of *Limberlost*. Your task is to cast contemporary actors as key characters from the novel. Think carefully about each character's traits, motivations, and emotional journey, and choose actors whose personas or previous roles align with these qualities. Given the time shifts that occur in the novel, you may need to allocate more than one actor to certain roles (e.g. 'Ned', 'Young Ned', 'Older Ned').

Character	Actor	Photo	Justification	Actor's persona / previous roles
